

Introducing the **NEW** Ferche Tower Display.

Featuring the industry's first
hardwood moulding system.

Ferche's new tower display features our new Architectural Series, designed to make it easy to choose perfectly coordinated trim packages for 6 popular decor styles: Arts & Crafts, Victorian, Modern, Art Deco, Southwestern and Rustic.

The display also features the Popular Decorator series along with Door Toppers and other widely used casing, base and crown moulding styles.

Standing 7' tall x 24" square, the lightweight but sturdy display sits on a rotating platform that spins a full 360 degrees for maximum product exposure in a minimum amount of sales floor space.
